At 3:15 P.M. Saturday the exhibit awards will be presented in the University Auditorium. This will be followed by John H. Chatworthy's talk on "Walk in Inner Space". Mr. Chatworthy is President of the National Oceanography Association.

Eleven exhibits celebrating the University Centennial are located in the West Lounge of the Illini Union. These displays are based on the book, Men and Ideas in Engineering, being prepared by the Engineering Publications Office.

This is a preliminary survey of other engineering events planned for the centennial year on the University's Urbana campus. Most of these events will be open to the public.

The undergraduate students in the College of Engineering will conduct a "Symposium on Engineering Education" Tuesday, October 10, 1967.

A centennial lecture, "Political Problems in Implementing Engineering Decisions," will be given at 2 p.m. on April 6, 1967, by the Hon. Herbert Hollomon, under Secretary of Commerce, U.S.A., in Room 141 Physics Building.

May 26, 1967, is the date scheduled for the dedication of the University's Materials Research Laboratory. Dr. Frederick Seitz, Physics Professor at the University of Illinois on leave as president of the National Academy of Sciences, will be guest speaker.

An International Conference on Fundamental Research in Plain Concrete will be held at the University's Allerton House conference center at Monticello on September 5-8, 1967.
